

DXP SERIES
2000PSI-18.5GPM Gas Engine Pressure Water Jetter
 XP Series - 33HP Gas Engine, Button Control, Hydraulic Drive Automatic Pipe Management Up To 90 Meters

Heavy-duty brass forged triplex pump, gearbox reduction, push-button pressure unloading and loading function. GB1000 Two-cylinder air-cooled gasoline engine 24kw/33hp, electric start, including 12V-36 A/H battery, push-button throttle adjustment and start-stop function. Top mount 15 liter gasoline tank with oil level display. Pressure pump drive oil pump, oil pressure adjustable, hydraulic tank. Hydraulic driven hose reel, automatic pipe management, button retraction control. Powder coating steel frame, lockable protective cover, adjustable fixed foot. Equipped with cup type high pressure pump water inlet filter. Long handle water valve, can quickly change between sewer jetting and cleaning mode.

Standard Accessories:
 ID1/2"(13mm) x 300FT(90m) pressure jetting hose, Fitting 1/2" Male. Egg type sewer jetting nozzle.

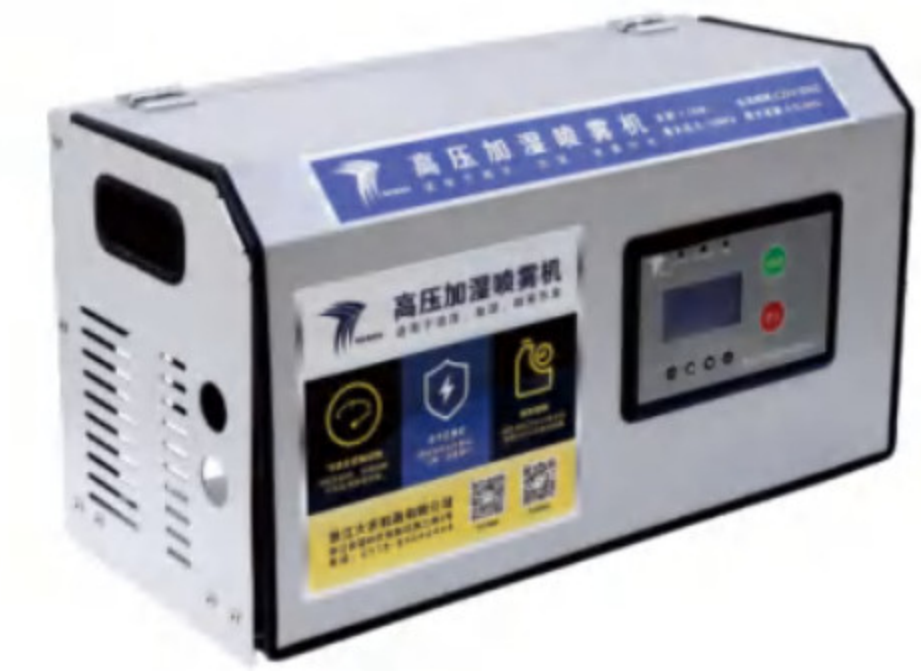

Optional Accessories and Features:
 2x400L Water storage tank.
 Full function remote controller.
 High pressure pipe and pressure gun for cleaning.
 Oil damped slow rotation jetting nozzle.
 Other special penetrating and cleaning nozzle.

WJ SERIES
1.1-3.0kW Smart Control Misting Fog Maker
 WJ series equip with triplex pump motor direct drive, wall mount box and 5sets times setting for automatic operation

Heavy duty grade brass forged triplex pump, varies pressure and flow for option. Performance proven 4 pole motor, low noise and long life. Touch-type switch, microelectronic controller built with motor earth leakage, overloading and over heating protection. 5 sets of timers, can be implemented in the day or week cycle automatic operation. The frame can be mounted on the wall, saving space, and cover can be turned up.

WG SERIES
1.1-5.5kW Smart Control Misting Fog Maker

WG series equip with stainless steel integrated cabinet type and 5sets timers and automatic chemical mixer
 Heavy duty grade brass forged triplex pump, varies pressure and flow for option. Performance proven 4 pole motor, low noise and long life. Highly reliable PLC controller, built with 6 sets of timers, can be implemented in the day or week cycle automatic operation. Motor earth leakage, overloading and over heating protection. On board 80Liter stainless steel water tank, can use with chemical. Automatic chemical mixing function, can use the original liquid, automatic mixture with the preset scales. 5 micron filter, prevent nozzle block.
