

## DCC-20/12LT

### 3000PSI Gas Engine High Pressure Washer

LT type frame equip with 6.5/7HP engine and COMMERCIAL triplex pump

Commercial grade brass forged triplex pump, built with thermal protection and detergent injector. Performance proven gas engine, EU5 or EPA certified. Engine mount with anti-vebration rubber feet. Powder coating frame, all cover type, easy move. Plastic faceplate integrated with gun and hose hook and nozzle storage. 10" solid wheel with plastic hub without bearing.

#### Standard Accessories:

- 1D8mm x 10m steel braided hose, 3/8" QD
- Professional trigger gun, 3/8" QD Plug
- 20" stainless steel lance, 1/4" QD Plug outlet
- 5tips QD nozzles

#### Optional:

- Self Priming
- Detergent Tank

## FEATURES

#### Medium-Commercial Grade

It is ideally suited for frequency use in medium-scale or light-commercial cleaning scenarios.

#### Pressure Adjustable

To prevent damage to delicate surfaces by matching the pressure level, enhance cleaning efficiency and suite multiple scenarios.

#### Engine Emission Approved

The gasoline engine equipped on the pressure washer has obtained EURO 5 Emission Certification.

#### Crankshaft

It can achieve efficient power transmission, and stable output, with high strength and low vibration.

#### Pump Head Thermal Protection

It protects the pump from over heating when in bypass, by release the hot water and cooling down the pump head.

#### 10" Solid Wheels

Rubber powder solid wheels are features bearing-free, impact resistance, wear resistance and maintenance free.

## SPECIFICATIONS

MODEL	DCC-20/12LT
Max Pressure	3000Psi / 206Bar
Rated Flow	3.3Gpm / 12.6Lpm
Pump Model	DBC-1507A, Brass
Power And Type	6.5hp/196cc, OHV
Shipping Size	56x56x63cm
Shipping Weight	43kgs
